

Intelligence Report — ATM-NOR0096

Generated: 2026-08-25T17:55:28.365316 · I4C Duty Officer (I4C_ADMIN)

Case ref: ALT-ATM-NOR0096-20260825174648

Jurisdiction: State-A, Northsagar, PS-Northsagar-1 (fictional)
ATM: ATM-NOR0096 · State Bank of India / State Bank of India Northsagar Branch 1
Risk score: 0.94 (calibrated probability (Platt), synthetic labels)
Predicted window: next 24h
Recommended action: Deploy patrol team + freeze suspicious linked accounts
Evidence — Complaint activity: 0 complaint(s) in the last 6h within 2km of this ATM (none).
Linked accounts named in these complaints are monitored for withdrawal activity.
Evidence — Withdrawal activity: 2 withdrawal(s) from 2 distinct account(s) at this ATM in the last 3h.
Evidence — Context + source disclosure: Forecast time is in the night window (19:00–05:00); night-time weighting is an assumption general literature parameter (no India-specific public statistic). This ATM shows recent fraud activity in the 99th percentile — the DIRECTION of withdrawal clustering is a verified pattern (I4C Suspect Registry documents concentrated cash-out hubs); the exact concentration coefficients are assumption general literature tunable parameters.

Complaint	Type	Amount (INR)	Account token
CMP-255d03bed68d	phishing	29,469	acct_68ece9640463
CMP-58164f1de9d7	phishing	85,358	acct_f01b6be5eae5
CMP-8a55c611aca3	phishing	340,537	acct_ae4785786349
CMP-076546999458	investment_fraud	95,260	acct_b423ca71a48e

Mule account tokens: acct_14abc2d39361, acct_36e26161dc6e, acct_8465589b6806 — recommended for fund-blocking via CFCFRMS path.
Recommended recipients: Local Police (Northsagar) — PS-Northsagar-1; Bank Branch Manager (State Bank of India / State Bank of India Northsagar Branch 1)

Synthetic data / hackathon prototype — not operational intelligence.
