Case ref: ALT-ATM-NOR0062-20260905173746

Jurisdiction: State-A, Northsagar, PS-Northsagar-3 (fictional)
ATM: ATM-NOR0062 · HDFC Bank / HDFC Bank Northsagar Branch 3
Risk score: 0.70 (calibrated probability (Platt), synthetic labels)
Predicted window: next 24h
Recommended action: FAIRNESS-CAPPED (per-jurisdiction cap) — MONITOR + review; INSUFFICIENT EVIDENCE — HOLD ACTION (review recommended; evidence below strength threshold)
Evidence — Complaint activity: 0 complaint(s) in the last 6h within 2km of this ATM (none). Linked accounts named in these complaints are monitored for withdrawal activity.
Evidence — Withdrawal activity: 0 withdrawal(s) from 0 distinct account(s) at this ATM in the last 3h.
Evidence — Context + source disclosure: Forecast time is outside the night window; no night weighting applies. This ATM shows complaint-linked (mule) account activity in the above median — the DIRECTION of withdrawal clustering is a verified pattern (I4C Suspect Registry documents concentrated cash-out hubs); the exact concentration coefficients are assumption general literature tunable parameters.
