

Intelligence Report — ATM-NOR0160

Generated: 2026-08-27T15:59:56.292023 · I4C Duty Officer (I4C_ADMIN)

Case ref: ALT-ATM-NOR0160-20260827105126

Jurisdiction: State-A, Northsagar, PS-Northsagar-5 (fictional)
ATM: ATM-NOR0160 · Kotak Mahindra Bank / Kotak Mahindra Bank Northsagar Branch 5
Risk score: 0.99 (calibrated probability (Platt), synthetic labels)
Predicted window: next 24h
Recommended action: Review recommended — verify evidence, then coordinate branch + police station
Evidence — Complaint activity: 0 complaint(s) in the last 6h within 2km of this ATM (none).
Linked accounts named in these complaints are monitored for withdrawal activity.
Evidence — Withdrawal activity: 3 withdrawal(s) from 3 distinct account(s) at this ATM in the last 3h.
Evidence — Context + source disclosure: Forecast time is in the night window (19:00–05:00); night-time weighting is an assumption general literature parameter (no India-specific public statistic). This ATM shows complaint-linked (mule) account activity in the 99th percentile — the DIRECTION of withdrawal clustering is a verified pattern (I4C Suspect Registry documents concentrated cash-out hubs); the exact concentration coefficients are assumption general literature tunable parameters.

Complaint	Type	Amount (INR)	Account token
-----------	------	--------------	---------------

Mule account tokens: acct_545ff38ebf83, acct_fcf0191b28b5, acct_2f69434f6328 — recommended for fund-blocking via CFCFRMS path.
Recommended recipients: Local Police (Northsagar) — PS-Northsagar-5; Bank Branch Manager (Kotak Mahindra Bank / Kotak Mahindra Bank Northsagar Branch 5)

Synthetic data / hackathon prototype — not operational intelligence.
